Department of Geography

Educational Tour Report

Educational Tour at Shantiniketan and Surrounding areas (2018):

As per University guidelines our Department had to conduct this field visit to a village which is in Taki, West Bengal to get hands-on experience about local people and physical and cultural aspects around it. We think that going to the site and observing the present status of the area and the problems will make it an interesting learning experience for the students since they can see and hear everything is real-life. Also, we want them to learn the proper methods to observe and examine the the area and local people without causing any damage to the area. The field trip owed its success to the faculties of the Department particularly the Project Supervisor, Dr. Sarmistha Roy Chowdhury, the project guide Smt. Sangeeta Chowdhury who engaged the students in different types of survey throughout the trip. The field tour was arranged for 2 nights 3 days at the month of August, 2018 with 8 students of 5th semester hons and general. The field work was performed to analyse the physical as well as the socio-cultural aspects of that region with the help of detail field survey.

Educational Tour at Taki and Surrounding Areas (2022):

As per the curriculum of West Bengal State University, Barasat, Department of Geography, Dum Dum Motijheel Rabindra Mahavidyalaya, Dum Dum, had arranged an educational tour in the panchayat area of Taki at Tokipur village, Hasnabad block of North 24 pgs. The field tour was arranged for 2 night 3 days at the month of August, 2022 with 10 students of 5th semester honours. Two faculty members of department of geography and lab attendant. The field work was performed to analyse the physical as well as the socio-cultural scenario of that region with the help of primary and secondary database.

EDUCATIONAL TRIP

ORGANISED BY DEPARTMENT OF GEOGRAPHY,2023

As per guidelines of WBSU, Department of Geography is supposed to conduct an Educational Trip every year with the students of semester V. The Department of Geography, DDMRM, organised the Field trip to Bolpur ,Santiniketan during the period from 20th to 23rd November,2023 with eight students under the supervision of two Teachers and one non-teaching staff.
