Due to the less number of Covid-19 test conducted in this area, weak surveillance systems and most importantly weak health care infrastructure, Covid-19 Pandemic has created special challenges are faced by the Sex Workers in this area. This paper also throws light on the effects of this Pandemic and especially the impact of lockdown on the life of these Sex Workers and their children.

Keywords: Sex Workers, Sex Workers Children, Covid-19, Pandemic, Health Care facilities

INTRODUCTION

The Covid-19 pandemic has gripped India and the city of Kolkata is no exception. Covid-19 has proved to be a new problem for sex workers. In-person sex work is intimate as its specific characteristic, and workers continue to be under the risk of being contaminated by the virus if they continue to work. But due to lack of work, sex workers struggle to survive. Sonagachi is Asia's oldest and largest red light area.
