Energy Conservation Policy

Dum Dum Motijheel Rabindra Mahavidyalaya recognizes the critical importance of reducing energy consumption, promote sustainable practices, and minimize the environmental impact of our operations. We hereby establish the "Energy Conservation Policy."

Objective: The objective of the Energy conservation Policy at Dum Dum Motijheel Rabindra Mahavidyalaya is to 1. reduce energy consumption by 10% annually; 2. Increase energy efficiency by 15% annually; 3. Promote renewable energy sources; 4. Reduce greenhouse gas emissions.

Scope: This policy applies to all individuals present within the Dum Dum Motijheel Rabindra Mahavidyalaya campus, including students, faculty, staff, and visitors.

Policy Statements:

1. Energy-efficient practices will be adopted in all aspects of institute operations.
2. Energy-consuming devices will be turned off when not in use.
3. Lighting and temperature controls will be optimized.
4. Renewable energy sources will be explored and implemented.
5. Energy consumption will be monitored and reported regularly.
6. Employee and student awareness programs will be conducted.
7. Energy-efficient technologies will be adopted in new constructions and renovations.

Responsibilities:

1. Management: Implement and monitor energy conservation measures.
2. Employees: Adhere to energy-efficient practices.
3. Students: Participate in energy conservation efforts.
4. Facilities Department: Maintain and optimize energy-consuming systems.

Action Plan:

1. Conduct energy audits.
2. Implement energy-efficient lighting and HVAC systems.
3. Promote carpooling and public transportation.
4. Encourage energy-efficient behaviors.
5. Monitor and report energy consumption.

Review and Revision:

This policy will be reviewed and revised annually to ensure its effectiveness and relevance.

This policy is effective from 01.08.2018
